## TETON FREE CLINIC

Every Tuesday evening, Teton Free Clinic offers primary medical care for the low income, uninsured and medically under-served people who live or work in Teton County—at no cost to the patient.

### OUR FUNDING

---

In 2003, a generous donation from an anonymous donor provided the initial funding for start-up medical equipment, supplies, and other clinic expenses. The clinic also receives donations through Old Bill's Fun Run and private donors.

The volunteers of the Teton Free Clinic work diligently to seek out funding through grants, local businesses, organizations, and private donors. Donations to Teton Free Clinic, a 501(c)(3) organization, are truly appreciated.
